*Information is used to determine the correct size and type of bike.*

Please provide a brief description of why you need a free bike:

Completing this request form puts you on the list for a free bike when one comes available. Availability of free bikes depends on many factors and therefore we cannot guarantee you will receive one. We do our best to provide a bike that is the appropriate size and type for the individual requesting it. We will contact you when we have a bike for you- this could be anywhere from a day to a month from now.

It is the responsibility of the recipient of the bike to provide other necessary accessories such as a lock, helmet, lights, fenders etc. Once the bike becomes, it is your responsibility to keep it and maintain good working order. If the bicycle is stolen, Revolutions is under no obligation to provide a replacement. Revolutions will not provide free maintenance or adjustments. It can be expected that riding a bike will require it to need some basic maintenance and possible part replacement. The bike you will receive is used and therefore may need maintenance or repair sooner than a new bike might. You also assume all responsibility for your safety while riding the bike.

By my signature below, I certify that have read and understand the above statements and that I am in need of a free bike for transportation.
